Continents

500 +
Medical Devices

Leader
for Active Implants

From concept to manufacturing

High flexibility | Capability for manufacturing ramp-up

250,000 sqf / 25,000 m²

5,400 sqf / 540 m²

High-Precision

Highly Qualified Operators

Global Sourcing and Manufacturing

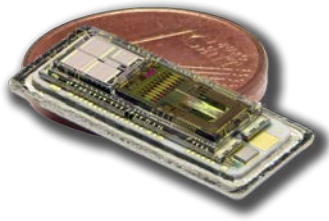

From Design to Manufacturing

Expertise & Experience for Faster Time to Market
 ISO 13485 | FDA registered

Our Expertise

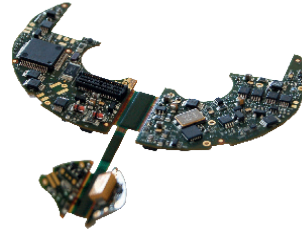

Microelectronics

-  PCB Design to Manufacturing
-  SMT for high-density PCB Assembly
-  Die attach (COB, Flip-Chip, Micro-BGA)
-  3D stacking for advanced packaging
-  Through-hole Technology

From Design

Complex PCBAs

-  Electronic Design
-  Automated SMT
-  Customized packages
-  High-precision manual operations
-  Product Life Cycle Management

To Manufacturing

Box Builds

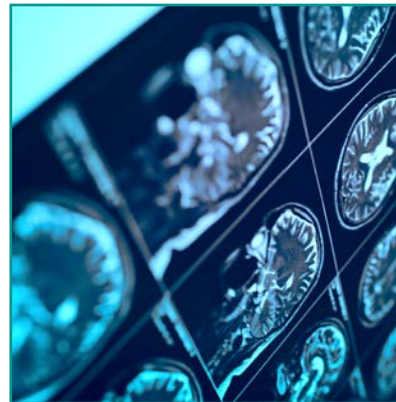

-  Complex electronics
-  Sub-assemblies
-  Electromechanical systems
-  Systems Integration
-  Tests and logistics

Applications

Advanced Industrial

Medical Technology

Diagnostics

Ready for Further Progress in Medical Microelectronics
